ABOUT US

Magnifique Rose is the result of 40 years of experience and expertise in the floral industry, combined with a continuous commitment to research and development. Our mission is to preserve the natural beauty and essential qualities of fresh flowers, allowing their elegance to endure over time.

At FLOWER TECH SAS, we bring premium preserved flowers to the international market, crafted using high-quality standards, environmentally responsible technologies, non-toxic natural materials, and natural colorants used in the food industry.

Our innovative preservation process captures the beauty and freshness of flowers, allowing them to be enjoyed for months or even years. Every bloom reflects our dedication to excellence, sustainability, and the well-being of both people and the planet.

“We are passionate about crafting exquisite preserved flower items that capture all the essence of nature”
